Newark, Ohio

Welcome to

The Heart of Ohio

It's been a blast and a whirlwind of activity over the past couple of years as we poured our hearts into making this amazing National Specialty. When I first saw this place, I had forgotten it existed! It's been standing in Newark, Ohio, for ages, and it's transformed so much. I first learned of this hotel when it was the reception spot for my brother's wedding, way back when. Then, it added an indoor water park and a stunning inner courtyard. The highway grew around it, changing how you got there and turning it into a completely different kind of hotel. About six years ago, they took out the water park and gave the building a fresh coat of paint, turning it into the event center you see now.

Newark and its neighborhood are full of interesting spots and landmarks, like the Indian Burial Mounds, a wildlife park that AEP generously donated after extracting coal from the area, and the #1 zoo in the country located on the northwest side of Columbus.

We, myself, the committee, and the hotel staff, are absolutely thrilled to have you here this week at the SHCA National Specialty! Please feel free to find me if you're new to the event or if there's anything at all you need help with.

Have a wonderful week and I wish everyone good luck and a safe, fun and memorable week.

THE SIBERIAN HUSKY CLUB OF AMERICA

Official standard of the Siberian Husky

General Appearance: The Siberian Husky is a medium-sized working dog, quick and light on his feet and free and graceful in action. His moderately compact and well-furred body, erect ears and brush tail suggest his Northern heritage. His characteristic gait is smooth and seemingly effortless. He performs his original function in harness most capably, carrying a light load at a moderate speed over great distances. His body proportions and form reflect this basic balance of power, speed and endurance. The males of the Siberian Husky breed are masculine but never coarse; the bitches are feminine but without weakness of structure. In proper condition, with muscle firm and well developed, the Siberian Husky does not carry excess weight.

Size, Proportion, Substance

Height: Dogs, 21 to 23 1/2 inches at the withers. Bitches, 20 to 22 inches at the withers.

Weight: Dogs, 45 to 60 pounds. Bitches, 35 to 50 pounds. Weight is in proportion to height. The measurements mentioned above represent the extreme height and weight limits with no preference given to either extreme. Any appearance of excessive bone or weight should be penalized. In profile, the length of the body from the point of the shoulder to the rear point of the croup is slightly longer than the height of the body from the ground to the top of the withers.

Disqualification: Dogs over 23 1/2 inches and bitches over 22 inches.

Head

Expression: Is keen, but friendly; interested and even mischievous.

Eyes: Almond shaped, moderately spaced and set a trifle obliquely. Eyes may be brown or blue in color; one of each or parti-colored are acceptable. *Faults:* Eyes set too obliquely; set too close together.

Ears: Of medium size, triangular in shape, close fitting and set high on the head. They are thick, well furred, slightly arched at the back, and strongly erect, with slightly rounded tips pointing straight up. *Faults:* Ears too large in proportion to the head; too wide-set; not strongly erect.

Skull: Of medium size and in proportion to the body; slightly rounded on top and tapering from the widest point to the eyes. *Faults:* Head clumsy or heavy; head too finely chiseled.

Stop: The stop is well-defined and the bridge of the nose is straight from the stop to the tip. Fault: Insufficient stop.

Muzzle: Of medium length; that is, the distance from the tip of the nose to the stop is equal to the distance from the stop to the occiput. The muzzle is of medium width, tapering gradually to the nose, with the tip neither pointed nor square. *Faults:* Muzzle either too snipy or too coarse; muzzle too short or too long.

Nose: Black in black, gray, sable, or agouti dogs; liver in red dogs, black, liver or flesh-colored in white dogs. The lighter-streaked “snow nose is equally acceptable. Lips are well pigmented and close fitting.

Lips: Are well pigmented and close fitting.

Teeth: Closing in a scissors bite. *Fault:* any bite other than scissors.

Neck, Topline, Body

Neck: Medium in length, arched and carried proudly erect when dog is standing. When moving at a trot, the neck is extended so that the head is carried slightly forward. *Faults:* Neck too short and thick; neck too long.

Chest: Deep and strong, but not too broad, with the deepest point being just behind and level with the elbows. The ribs are well-sprung from the spine but flattened on the sides to allow for freedom of action. *Faults:* Chest too broad; "barrel ribs;" ribs too flat or weak.

Back: The back is straight and strong, with a level topline from withers to croup. It is of medium length, neither cobby nor slack from excessive length. The loin is taut and lean, narrower than the rib cage, and with a slight tuck-up. The croup slopes away from the spine at an angle, but never so steeply as to restrict the rearward thrust of the hind legs. *Faults:* Weak or slack back; roached back; sloping topline.

Tail

The well-furred tail of fox-brush shape is set on just below the level of the topline, and is usually carried over the back in a graceful sickle curve when the dog is at attention. When carried up,

the tail does not curl to either side of the body, nor does it snap flat against the back. A trailing tail is normal for the dog when in repose. Hair on the tail is of medium length and approximately the same length on top, sides and bottom, giving the appearance of a round brush. *Faults:* A snapped or tightly curled tail; highly plumed tail; tail set too low or too high.

Forequarters

Shoulders: The shoulder blade is well laid back. The upper arm angles slightly backward from point of shoulder to elbow, and is never perpendicular to the ground. The muscles and ligaments holding the shoulder to the rib cage are firm and well-developed. *Faults:* Straight shoulders; loose shoulders.

Forelegs: When standing and viewed from the front, the legs are moderately spaced, parallel and straight, with the elbows close to the body and turned neither in nor out. Viewed from the side, pasterns are slightly slanted, with the pastern joint strong, but flexible. Bone is substantial but never heavy. Length of the leg from elbow to ground is slightly more than the distance from the elbow to the top of withers. Dewclaws on forelegs may be removed. *Faults:* Weak pasterns; too heavy bone; too narrow or too wide in the front; out at the elbows.

Feet: Oval in shape but not long. The paws are medium in size, compact and well-furred between the toes and pads. The pads are tough and thickly cushioned. The paws neither turn in nor out when the dog is in natural stance. *Faults:* Soft or splayed toes; paws too large and clumsy; paws too small and delicate; toeing in or out.

Hindquarters

When standing and viewed from the rear, the hind legs are moderately spaced and parallel. The upper thighs are well-muscled and powerful, the stifles well bent, the hock joint well defined and set low to the ground. Dewclaws, if any, are to be removed. *Faults:* Straight stifles, cowhocks, too narrow or too wide in the rear.

Coat

The coat of the Siberian Husky is double and medium in length, giving a well-furred appearance, but is never so long as to obscure the clean-cut outline of the dog. The undercoat is soft and dense and of sufficient length to support the outer coat. The guard hairs of the outer coat are straight and somewhat smooth-lying, never harsh nor standing straight off from the body. It should be noted that the absence of the undercoat during the shedding season is normal Trimming of whiskers and fur between the toes and around the feet to present a neater appearance is permissible. Trimming the fur on any other part of the dog is not to be condoned and should be severely penalized. *Faults:* Long, rough, or shaggy coat; texture too harsh or too silky; trimming of the coat, except as permitted above.

Color, Patterns, and Markings

All ranges of the allowable colors which are black, gray, agouti, sable, red, and white. May be solid colored. May have multiple shades. May have white markings. A variety of symmetrical or asymmetrical markings and patterns are common, including piebald. No preference should be given to any allowable color, marking or pattern. Merle or Brindle patterns are not allowable and are to be disqualified. Merle is defined as a marbling effect of dark patches against a lighter background of the same color and is not to be confused with a color patch of banded guard hairs amid white, as is seen in dogs with allowable piebald. Brindle is defined as darker and lighter single-colored guard hairs producing a vertical tiger striping, not to be confused with banded guard hairs and a different color undercoat, which may produce some apparent horizontal striping.

Gait

The Siberian Husky's characteristic gait is smooth and seemingly effortless. He is quick and light on his feet, and when in the show ring should be gaited on a loose lead at a moderately fast trot, exhibiting good reach in the forequarters and good drive in the hindquarters. When viewed from the front to rear while moving at a walk the Siberian Husky does not single-track, but as the speed increases the legs gradually angle inward until the pads are falling on a line directly under the longitudinal center of the body. As the pad marks converge, the forelegs and hind legs are carried straight forward, with neither elbows nor stifles turned in or out. Each hind leg moves in

the path of the foreleg on the same side. While the dog is gaiting, the topline remains firm and level. *Faults:* Short, prancing or choppy gait, lumbering or rolling gait; crossing or crabbing.

Temperament

The characteristic temperament of the Siberian Husky is friendly and gentle, but also alert and outgoing. He does not display the possessive qualities of the guard dog, nor is he overly suspicious of strangers or aggressive with other dogs. Some measure of reserve and dignity may be expected in the mature dog. His intelligence, tractability, and eager disposition make him an agreeable companion and willing worker.

Summary

The most important breed characteristics of the Siberian Husky are medium size, moderate bone, well balanced proportions, ease and freedom of movement, proper coat, pleasing head and ears, correct tail, and good disposition. Any appearance of excessive bone or weight, constricted or clumsy gait, or long, rough coat should be penalized. The Siberian Husky never appears so heavy or coarse as to suggest a freighting animal; nor is he so light and fragile as to suggest a sprint-racing animal. In both sexes the Siberian Husky gives the appearance of being capable of great endurance. In addition to the faults already noted, the obvious structural faults common to all breeds are as undesirable in the Siberian Husky as in any other breed, even though they are not specifically mentioned herein.

Disqualification

Dogs over 23 1/2 inches and bitches over 22 inches. Merle and brindle patterns.
Revised: May 2021.

Preface: The tradition of competitive purebred dog events predates 1884—the year the American Kennel Club (AKC®) was founded. Those involved in these sports share core values, including a strong commitment to sportsmanship and a welcoming, respectful culture that embraces the diverse community united by a love of dogs.

These values are evident across all aspects of the sport: conformation, performance, companion, and family dog activities. Many believe that the enduring principles of sportsmanship and civility are key reasons the sport has thrived for over 140 years.

Recognizing that periodically reaffirming our shared values strengthens our community, the revised code will be shared widely to highlight the foundational values and principles that define the sport.

- Sportspeople always place the welfare of their dog above all else.
- Sportspeople prioritize the long-term health and preservation of their breed, making decisions that reflect a deep commitment to responsible breeding and ownership.
- Sportspeople respect the history, traditions and integrity of the sport of purebred dogs.
- Sportspeople conduct themselves in a manner that reflects positively on the sport, the American Kennel Club, and themselves.
- Sportspeople appreciate, encourage and support all who associate with and participate in the sports by fostering an environment where respect, equity, inclusion, and courtesy are foundational.
- Sportspeople understand, uphold and abide by all AKC bylaws, rules, regulations and policies.
- Sportspeople contribute to a positive atmosphere at events by avoiding negative gossip, disparagement, or unsportsmanlike behavior.
- Sportspeople extend their values of civility, fairness, and respect to all digital and social media platforms.
- Sportspeople actively support the education and mentorship of newcomers, helping them learn the rules, values, and traditions of the sport in a respectful way.
- Sportspeople recognize that they are role models in the sport, and strive to lead by example through humility, kindness, and ethical conduct.
- Sportspeople treat fellow exhibitors, judges, officials, volunteers, spectators, and AKC staff with dignity and respect, regardless of experience, background, or differences in opinion.
- Sportspeople are committed to fair play, honesty, courtesy, and competition, approaching both winning and losing with grace.
- Sportspeople understand that strong competition and civility can—and should—coexist. They appreciate the quality of their competitors, and the effort put forth by others.
- Sportspeople uphold their responsibilities to the sport of purebred dogs and refuse to let personal gain or self-interest influence their decisions or behavior.
- The sportsperson judges only on the merits of the dogs and considers no other factors.
- The sportsperson judge or exhibitor accepts constructive criticism.
- The sportsperson exhibitor declines to enter or exhibit under a judge where it might reasonably appear that the judge's placements could be based on something other than the merits of the dogs.
- The sportsperson exhibitor refuses to compromise the impartiality of a judge.
- Sportspeople are willing to share honest and open appraisals of both the strengths and weaknesses of their breeding stock.
- Sportspeople decline to exploit any positions of authority or recognition for personal advantage.
- Sportspeople appreciate those that have gone before them and realize they are responsible for maintaining and enhancing the sport for future generations.

Everything We Do, We Do for Dogs.

NOTES

Vicki Allenbrand
Siberian Husky Club of Greater Cleveland Specialty

Vicki Allenbrand is a first-generation conformation dog professional who has a strong multi-generation horse family background. In 1990, Vicki began her formal introduction into AKC events with Dalmatians competing in obedience and agility. In 1995, she purchased her first bullmastiff to show in conformation. That began her love for the bullmastiff breed followed by the desire for expansion into other breeds.

Throughout the years, she has bred and owned multiple bullmastiff champions, specialty winners and Best in Show winners and top working dogs in the USA. She has also owned and shown multiple Bernese Mountain Dogs and most recently French Bulldogs. This was all under the kennel name Blackjack and while breeding is not as often as it has been in years past, she does still breed on occasion to create the next up and coming showstopper.

After having a long-time passion and interest in showing, in 2011, she decided to apply to become a licensed AKC judge. She is currently approved to judge the Working and Herding groups along with the majority of the Hound group, one Sporting breed, Best in Show and Junior Showmanship. She plans to apply for the remainder of the Hound group in 2026.

Vicki is a member of multiple breed and all breed clubs in the states. She continues to contribute to the multiple organizations that are in need in the sport of dogs. She has been blessed throughout the years to have wonderful dogs, mentors and friends in the sport of dogs. Vicki has judged in several countries. She is thrilled to be invited to judge the Greater Cleveland Siberian Husky Club Pre Specialty Show at this year's Siberian National!

Cindy Stansell
SHCA Pre-Specialty

Cindy Stansell first began exhibiting Siberian Huskies in conformation and obedience in the early 1980's, and shortly afterwards added American Eskimo Dogs, Finnish Spitz and Briards. Since her 2005 marriage to Robin, she has also bred Bulldogs and French Bulldogs.

Cindy is approved to judge BIS, all-breed juniors, the Working, Non-Sporting and Herding Groups, BIS, Miscellaneous and FSS, and breeds in the Hound and Toy Groups. Besides judging in the United States, she has enjoyed judging in Canada,Mexico, Costa Rica, Dominican Republic, Chile, Sweden, France, Italy, Japan, Hong Kong, China, South Korea, the Philippines, New Zealand, and Australia. She has judged numerous US national specialties, including Siberian Huskies, Samoyeds, German Pinscher, Tibetan Mastiffs, Lowchen, Finnish Spitz, and Norwegian Lundehunds. She has also judged the corresponding specialty to numerous nationals, including most recently Mudi and Cane Corso. She is active in training judge applicants in several breeds.

She has appeared on television shows, testified in court cases, and has spoken at governmental and legislative hearings on behalf of pure-bred dogs. She currently serves as a delegate to the American Kennel Club and is the chair of the Dog Show Rules Committee.

The Stansells currently share their lives with two Bulldogs, two Siberian Huskies,and one Anatolian Shepherd Dog.

Jessica Breinholt
Dog Classes, Brace, Team

I began in Siberians at the age of 10, when I talked my parents into letting me bring a puppy home from a racing Siberian kennel in our mountain neighborhood. Within a few years I was not only racing a team, but competing in AKC Junior Showmanship and Obedience trials with my first registered Siberian, Tigger (Kaylenberg's Frosty Tiger CD, CGC). Later came my first conformation champion (Am/Can Ch. Tamerlane's Carpe Diem CD, CGC), followed by numerous homebred and owner-handled champions and grand champions.

After a hiatus from sled dog racing to attend college and establish my career, I returned to competition in 2014 and put SHCA SD- and SDX-degrees on most of my dogs before retiring from racing in 2024. During that time, I also received the SHCA Lombard-Norris Sprint award twice.

I have spent most of my life dedicated to this breed both as a breeder-owner-handler and a musher, and I believe we who love and strive to preserve the Siberian Husky are very fortunate to have a dog still quite capable of its original function. As a judge, I am thrilled by the opportunity to find and reward the many sound, beautiful animals our breeders have to offer.

Kim LeBlanc
Bitch Classes

I purchased my first dog, a Siberian Husky male in 1973. He, fortunately for us, was of good enough quality to become our first champion and sired our first litter. That was the beginning of Snowmist Siberians. My timing could not have been better for getting involved in this breed as many of the most famous kennels and their founders were still in existence. My mom and I had a short-lived trial with Alaskan Malamutes and decided they were not for us. But the adventure with other breeds continued and we enjoyed a Newfoundland and a few Salukis. During this time I handled many different breeds. In 1980 my late husband brought American Foxhounds into the picture.

I am still actively showing and breeding on a small scale. My kennel (Snowmist Siberians) has been highly successful in Canada and around the world with many BIS winners in various countries. Here at home Snowmist Siberians have topped the charts in the All Breed System as well as at the breed level. MBIS MBISS MCH Snowmist's Bodacious was my first Siberian to be #1 All Breeds in Canada. What a thrill! To make it even better his daughter MBIS MBISS MRBIS Can GChG GCh Ex Am Ch Snowmist's Taffy RN TDN VN was Canada's #1 Dog All Breeds for 2025 by a wide margin.

My late husband and I competed in sled dog races winning our fair share of awards up until the fall of 1996 when family and business commitments forced us to retire. While racing, we actively participated in the Canadian Kennel Clubs Sled Dog Certificate Program earning over 90 titles.

In 1993 and 1994 the Siberian Husky Club of Canada awarded our lead dog Northstars Snowmist Birch C.D., S.D.U. the Ward Young Trophy for successfully competing in sled dog racing, showing and obedience within one club year. This was the first time any dog had won this award in back-to-back years.

I am a graduate of the canine course Dogs, A Hobby or Profession created by the late Casey Gardiner. Included in this educational program was a course on structure that taught structure based on a measuring process. I have used this process to improve my own knowledge, to help others understand what they see and to evaluate litters of puppies and grown dogs. I have conducted all breed measuring clinics as well as seminars on this topic.

Today I am a licensed All Breed Canadian Kennel Club judge. I began my judging career officially in 1994. Since that time I have had the honor of judging at several World Dog Shows, the Euro Dog Show, the Americas & Caribe show and many other exciting shows around the world. I have been an active member for many years of the all breed club, Barrie Kennel & Obedience Club Inc. I have held such positions as President, Show Chair Person, and Judges Selection Committee.

I served as the Canadian Kennel Club Director for Zone 4 - Ontario North from 2004 through 2008. My duties included; Chair of the Canadian Kennel Club Junior Kennel Club Council, past Chair of the Club Relations Committee, member of the Breed Specific Legislation Committee, and Judges Hospitality and Transportation Chair for the Purina National CKC Charity Event.

I am currently the President of the Siberian Husky Club of Canada.

Donna Beckman
Intersex

For over the past 50+ years, Siberian Huskies have been a significant part of my life, as have the SHCA and National Specialties. Here are some of my favorite memories. Total number of National Specialties attended: 54; first National attended 1977 Huntington Beach, CA; first exhibited 1980 Olympia, WA; first as member of show committee 1983 Buena Park #1, CA; first trophy won and first Specialty as a member 1984 Oklahoma City, OK; first as SHCA Officer 1990 Orlando, FL; first as SHCA President 1996 Burlington, VT; first sweeps judging 2000 Purina Farms, MO; chairing first National 2007 Rohnert Park, CA; first foreign judging assignment 2007 Italy; first AoM win 2008 Gettysburg; first judging assignment Lawrence, KS 2010; first year as JEC 2011 Fitchburg, MA; first judging Breed at a National 2018 St Charles, IL; first WD/BOW and BV 2014 San Diego, CA; Life Member 2014 San Diego, CA; Best of Breed co-owner 2022 Midland, MI #2, and other Awards and Top-20 wins, leading to this lovely honor in judging Breed for a second time 2026 Newark, OH. Each of these and other activities are just a small way of remembering the friends, dogs, joy, heartfelt loss, and a life made all the better by Siberian Huskies and those who love them.

My thanks to those people and dogs and this Club for allowing me the honor to be in the center of your ring once more. (P.S.: The picture may be old, but it is a favorite of mine.) Best of Luck to all!

Karen Mammani
Puppy/Veteran Sweeps

I have been involved in the sport of dogs my entire life. Alongside my mother, I grew up showing and breeding Golden Retrievers. In my teens, I started handling dogs professionally. In 1995, I met my future husband, Sam Mammano, and shortly after moved out to New York, where we both showed many breeds including multiple Siberians. I personally have shown multiple Best in Show winning Siberians. Additionally, I have shown Best in Show winners in all 7 groups. I have campaigned #1 Siberians, Newfoundlands, Golden Retrievers among many others. I appreciate the opportunity to judge at the Siberian Husky Club of America National Specialty. I am looking forward to the assignment of Puppy Sweepstakes and Veteran Sweepstakes. Thank you all!

Dominic DiBalsi
Sled/Dry Land Sweeps

Yes it's me! Lol
For approximately the last thirty-five years I have enjoyed being actively involved in our sport.
My first love and anchor was doing endless miles of Canicross with my guys. After moving out to rural PA I also added sledding and limited skijoring to our Dog's fun time.
Being an active member of a few All Breed Clubs, the SHCA (2019) and the Garden State Siberian HC has been an honor to serve with many friends.
I have earned the AKC Title Breeder Of Merit which was also a gratifying learning adventure.
At the time of writing this bio, the 2026 SHCA National is a month out and I am as we all are very excited about seeing/making friends and especially our great Dogs.

Take Care,
Dominic DiBalsi

Tami Bradford
4-6 Mos Beginner Puppy

In 1990, determined to understand a new member of our family, I visited the local library. The librarian mentioned that a group met there on the third Tuesday of every month. Thus began my journey with the Siberian Husky Club of Tampa Bay, where I held numerous positions until 2001, meeting many wonderful people along the way, including my first mentors.I purchased my first show dogs in 1993 and bred my first litter in 1998. After moving to Tennessee and taking a brief hiatus, I restarted in 2010 with a bitch from Trillium Blue. In limited breeding since then, I have produced 20 Champions, including group winners and placers, top-10 ranked dogs in NOHS and breed statistics, multiple OHBIS winners, multiple BISS winners, and an SHCA National Specialty AOM winner. I am thrilled and honored to have been invited to judge the 4–6 Month Puppy competition at our National Specialty!

Joe Caton
Junior Showmanship

Joe T. Caton has been involved in showing dogs since 1985 where his journey began when he innocently purchased a well-bred Rottweiler from a reputable breeder. What started as a "would you consider getting his championship?" inquiry from the breeder led to life of dog shows. Enjoying the journey along the way with his family, Joe continued further into the world of professional handling.

Having experience in all 7 groups in the AKC and campaigning top ranked dogs in a variety of breeds his wealth of knowledge has been exceptional for the sport of pure-bred dogs.

Stepping into the role of Judge for past Leonberger and Argentina Dogo Specialties before they came into AKC and multiple judging assignments for rare breeds show. Joe was approved by the American Kennel Club to judge Junior Showmanship in 2005 and has continued to judge multiple sweepstakes assignments in a variety of breeds. Joe is active in multiple breed and all breed clubs, Board of Directors member of the Central Ohio Kennel Club, French Bulldog Club of America member and active breeder under the SAFARI kennel name. Joe has also expanded his love for dogs into as a past Therapy Dog International evaluator, unfortunately due to time he has since stepped down from being an evaluator. The love of dogs has always been the top priority for Joe, and he shows this in every way by the way he interacts with the dogs he handles, cares for and shares his life with. Joe also has been teaching all breed conformation classes for over 20 years.

Mindy Moller
Agility Trials #1 & #2

I began competing with my Siberian Huskies in conformation and obedience in 1991. My first time competing in agility was at the 1998 Siberian National Specialty. Since then I have put many agility titles on five Siberians, eight Border Collies, and on various dogs belonging to friends. Currently, I'm competing in agility with my Borders.

I'm looking forward to watching some awesome agility Siberians from the best seat in the house.

Karen Shroeder
Rally Trial #1 & Obedience #2

Dogs were always a part of our family as I was growing up, and as an adult I got started showing dogs in Obedience in 1982. I have trained and shown seven Golden Retrievers in Obedience, Rally and Agility. We currently have two Goldens: a 7 year-old, Taylor, who recently earned her UD and Rally Championship titles and Puppy in Training, Pippin.

I enjoy teaching, training, competing in and judging both Rally and Obedience. I love seeing the bond that grows between a handler and dog as they learn to work together as a team.

I am honored to be a judge for the 2026 Siberian Husky Club of America National Specialty!

Kathleen Sweet
Rally #2 & Obedience #1

Her interest in Obedience began in the mid 70's when a friend who was already involved in the sport suggested she get a purebred dog. She already had an 11yr old mix breed pet. And so it began, taking her Labrador Retriever to a puppy class. It all skyrocketed from there. Having shown horses for many years, it was an easy transition.

This first dog, a Labrador became a UD, TDX. From there she has had Flat-Coated Retrievers, Brittanys, Schipperkes and now has a Mini Poodle. All of her dogs have attained a Utility title, as well as many other titles. Five have obtained the OTCH title.

She has participated in many aspects of the dog show world. From obedience, tracking, field, agility, breed and rally. Obedience is however, her first love. Having competed at many National Obedience Championship events and tournaments as well. She really enjoy's training and showing her dogs. Traveling around the country judging and showing is her idea of fun. Currently showing an 8 year old Schipperke, and a 3 year old Poodle that is just starting his career.

Judging is just as much fun as showing. It is hard to decide which she would rather do. Watching the handlers and dogs interact and perform, is really enjoyable. When things don't go well in the ring, believe me when she tells you, I have been there. Don't be embarrassed.

I wish everyone the best of luck at the National. But most of all, enjoy your time in the ring with your best friend.
