SCHEDULE OF POINTS FOR DIVISION 2— EFFECTIVE MAY 12, 2026

Division 2 is comprised of: Delaware, New Jersey, New York, Pennsylvania.

The Points towards a Championship shall be awarded to the Winners Dog and Bitch of each breed or variety based on the actual number of dogs or bitches competing in that breed or variety.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Breed or Variety, the dogs of ***both*** sexes that have been entered for Best of Breed or Variety competition and that have been defeated in such competition, shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Opposite Sex to Best of Breed or Variety, the dogs of ***its own sex*** that have been entered for Best of Breed or Variety competition that have been defeated in competition for Best of Opposite Sex, shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points.

After points have been computed for Winners Dog and Winners Bitch subject to the above two stipulations, the dog awarded the Best of Winners shall be credited with the number of points calculated for Winners Dog or Winners Bitch, whichever is greater.

In counting the number of eligible dogs in competition, a dog that is disqualified, or that is dismissed, excused or ordered from the ring by the judge, or from which all awards are withheld, shall not be included. Any dog which shall have won fifteen points shall become a Champion of Record, if six or more of said points shall have been won at two shows with a rating of three or more championship points each and under two different judges, and some one or more of the balance of said points shall have been won under some other judge or judges than the two judges referred to above.

AMERICAN KENNEL CLUB

Official Standard of the Bullmastiff

General Appearance: That of a symmetrical animal, showing great strength, endurance, and alertness; powerfully built but active. The foundation breeding was 60 percent Mastiff and 40 percent Bulldog. The breed was developed in England by gamekeepers for protection against poachers.

Size, Proportion, Substance: ***Size*** - Dogs, 25 to 27 inches at the withers, and 110 to 130 pounds weight. Bitches, 24 to 26 inches at the withers, and 100 to 120 pounds weight. Other things being equal, the more substantial dog within these limits is favored. ***Proportion*** - The length from tip of breastbone to rear of thigh exceeds the height from withers to ground only slightly, resulting in a nearly square appearance.

Head: ***Expression*** - Keen, alert, and intelligent. ***Eyes*** - Dark and of medium size. ***Ears*** - V-shaped and carried close to the cheeks, set on wide and high, level with occiput and cheeks, giving a square appearance to the skull; darker in color than the body and medium in size. ***Skull*** - Large, with a fair amount of wrinkle when alert; broad, with cheeks well developed. Forehead flat. Stop-Moderate. ***Muzzle*** - Broad and deep; its length, in comparison with that of the entire head, approximately as 1 is to 3. Lack of foreface with nostrils set on top of muzzle is a reversion to the Bulldog and is very undesirable. A dark muzzle is preferable. Nose - Black, with nostrils large and broad. Flews - Not too pendulous. ***Bite*** - Preferably level or slightly undershot. Canine teeth large and set wide apart.

Neck, Topline, Body: ***Neck*** - Slightly arched, of moderate length, very muscular, and almost equal in circumference to the skull. ***Topline*** - Straight and level between withers and loin. ***Body*** - Compact. Chest wide and deep, with ribs well sprung and well set down between the forelegs. Back-Short, giving the impression of a well balanced dog. Loin-Wide, muscular, and slightly arched, with fair depth of flank. ***Tail*** - Set on high, strong at the root, and tapering to the hocks. It may be straight or curved, but never carried hound fashion.

Forequarters: Shoulders - muscular but not loaded, and slightly sloping. Forelegs-straight, well boned, and set well apart; elbows turned neither in nor out. Pasterns straight, feet of medium size, with round toes well arched. Pads thick and tough, nails black.

Hindquarters: Broad and muscular, with well developed second thigh denoting power, but not cumbersome. Moderate angulation at hocks. Cowhocks and splay feet are serious faults.

Coat: Short and dense, giving good weather protection.

Color: Red, fawn, or brindle. Except for a very small white spot on the chest, white marking is considered a fault.

Gait: Free, smooth, and powerful. When viewed from the side, reach and drive indicate maximum use of the dog's moderate angulation. Back remains level and firm. Coming and going, the dog moves in a straight line. Feet tend to converge under the body, without crossing over, as speed increases. There is no twisting in or out at the joints.

Temperament: Fearless and confident yet docile. The dog combines the reliability, intelligence, and willingness to please required in a dependable family companion and protector.

BULLMASTIFF OF THE YEAR

Mattie

WDV-2, #1 Rally Dog, Triple Title Holder

Owners: Liz Berry and Sherry Boldt

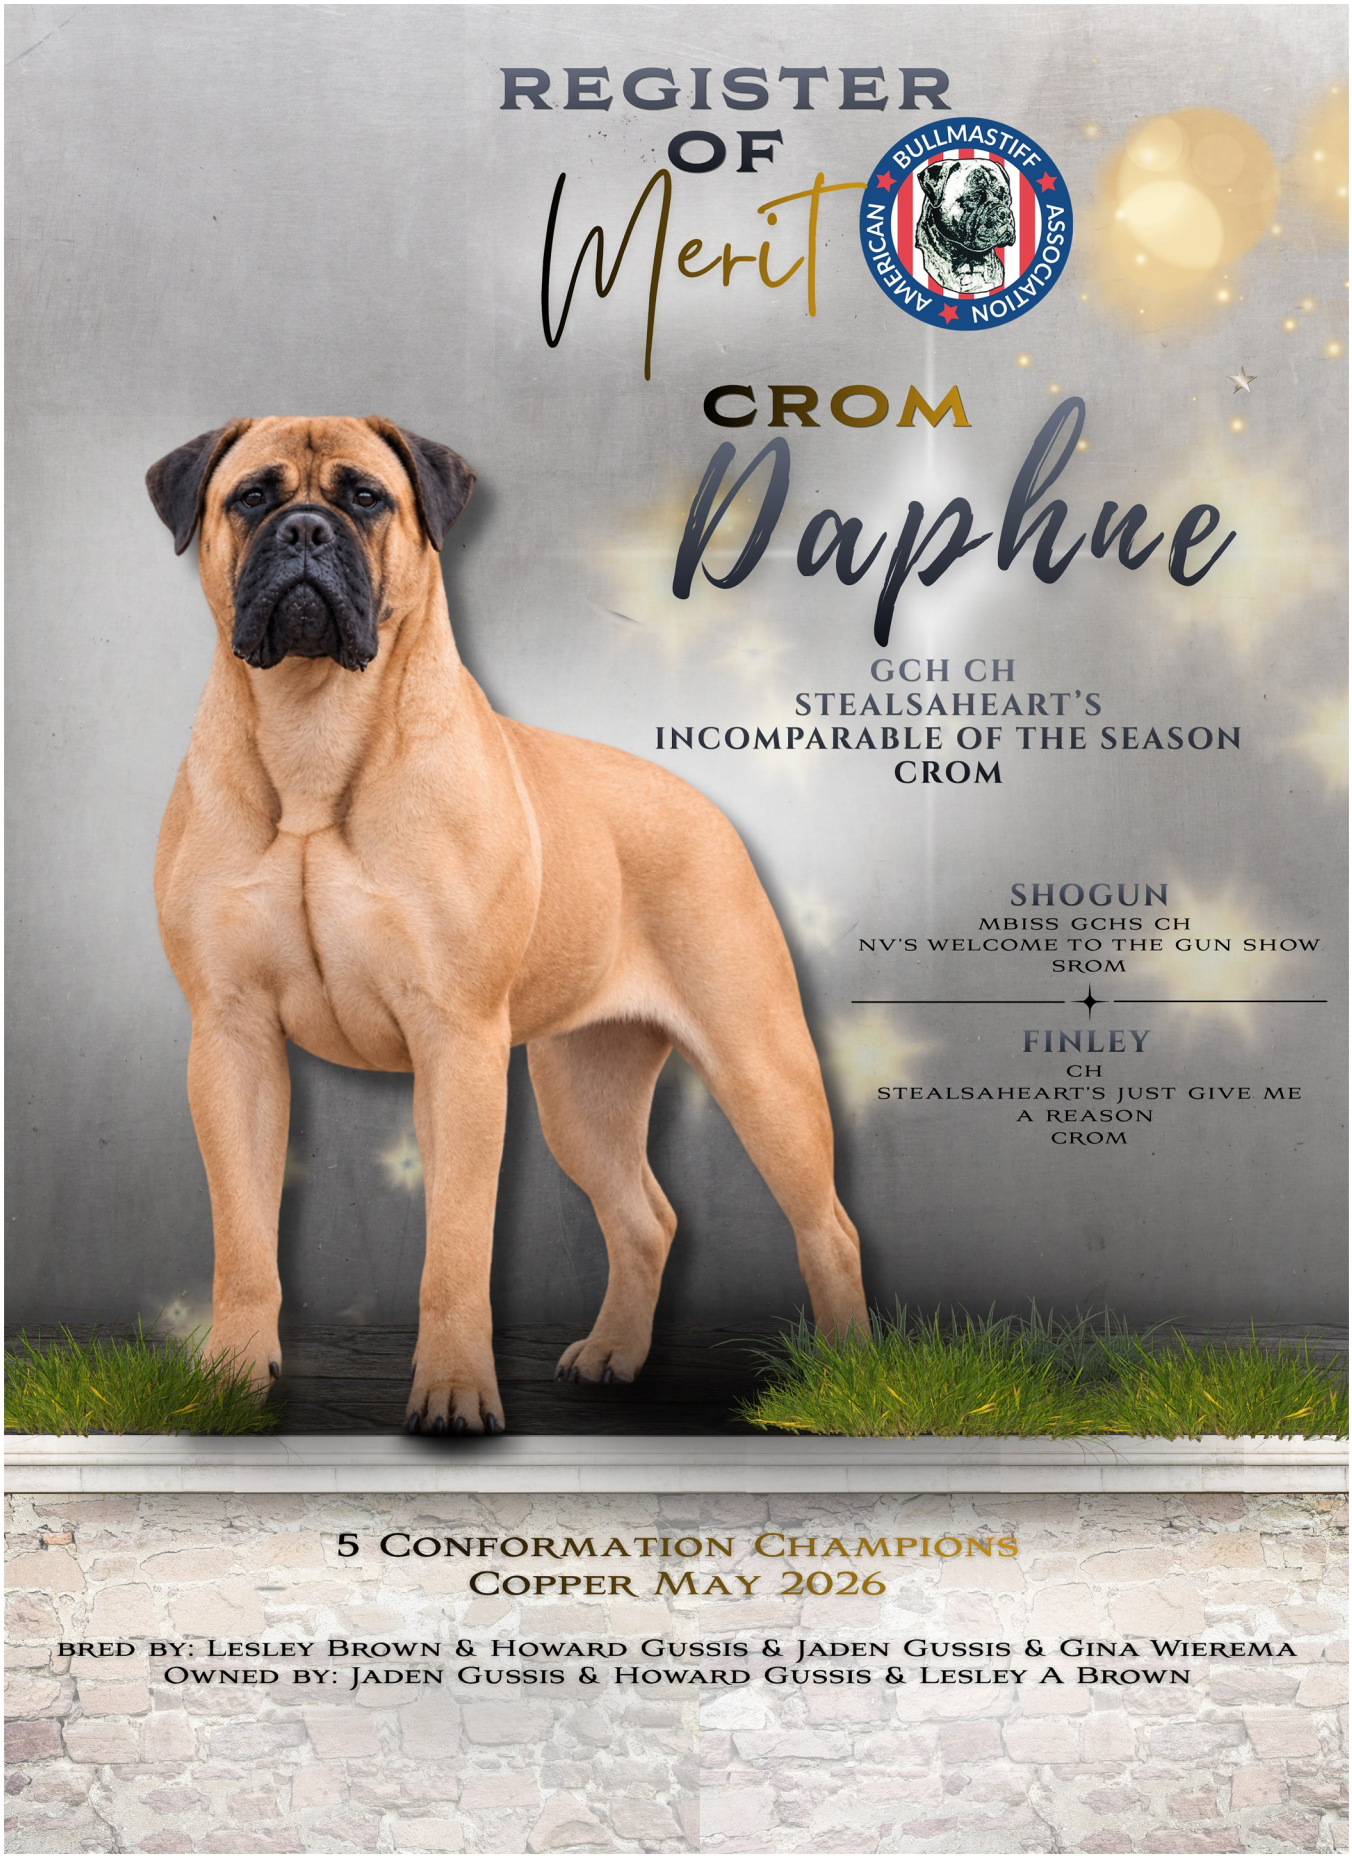

CH T-Boldt's Only a Matter of Time BN RE BCAT ACT1J SWN SCA SIA SBA CGC TKN

Mattie had a great first year in competition in 2025 earning 16 titles in 7 different venues. She earned her Champion title (CH), BN (Beginner Novice) in Obedience, her Rally Excellent (RE), her Agility Course Test 1 Jumpers (ACT1J), and 7 Scent work titles including 3 at the advanced level.

I'm so very lucky to have a great working partner like Mattie. She is always willing to work and is up for trying anything new. Relatively new to training dogs Mattie has made me a much better handler. She is very thoughtful and always wants to be correct but she does like to do things her own way at times. Don't we all!
